Today - The Great *unseen* Intangible debt.

God help us all.

Does anyone realize an association to these financial fiascos? Stocks, banks and greed caused most of the financial disasters in the United States. Everyone living in each of those times, then and now, are, and have been, subjected to “*unknowing* involuntary servitude” to the masters of the “plantation”.

*"How is it you do not understand that I did not speak to you concerning bread?—but to beware of the leaven of the Pharisees and Sadducees.' Then they understood that He did not tell them to beware of the leaven of bread, but of the doctrine of the Pharisees and Sadducees"* (Matthew 16:11-12).

Many warned about it, and many died from their warnings. How long will it be before all *hell* breaks loose?

*You can only protect your liberties in this world by protecting the other man's freedom.* - Clarence Darrow

*You can only be free if I am free.* - Clarence Darrow

*I can only be free if you are free.* - AlvieC

How long will you stand by and allow history to repeat itself *again* and *again*?

Does the word revolution make you uneasy?

A revolution (from the Latin *revolutio*, "a turn around") is a fundamental change in *power* or *organizational structures* that takes place in a relatively short period of time. Aristotle described two types of political revolution:<sup>2</sup>

1. Complete change from one constitution to another
2. Modification of an existing constitution

**We have a Constitution** and we need not work to change it? **We need to protect it!**

A change in power and structure is what is needed, not a change in the Constitution. This has to be the largest *civil rights violations* that ever existed in the United States. People are being thrown from their homes no matter what race, color, or creed, thus burdened with undue hardships and now promoting a lack of trust to those whom are in political positions, who are not protecting the peoples rights.

There is a debt larger than the world could ever pay off. The debt ceiling is being enlarged to distract the understanding of the greater *unseen* debt created by traitors. Creditors will be collecting and your real property [home], commercial real property [buildings] are part of this debt collection process. The American people were sold out for the love of "*money*" just as the son of man was two thousand years ago.

I pray the U.S. armed forces will withdraw from the uneventful activities from abroad and come home to protect the American people from those who are violating the United States Constitution and taking over American soil. America is subject to retaliation from other countries now because of these traitors whom committed treason in the United States of America and cannot pay off that *unseen* [intangible] debt.

Oath takers, you took an oath to defend the Constitution and this Constitution is being attacked by domestic and possibly foreign enemies through the use of *electronic cyber-terrorism*. American families are subjected to this takeover, whether the armed forces realizes it or not. Many of these terrorists are holding an office practically anywhere in the United States.

I plead with you to come to Americans aide before we are overcome. The financial crisis is severely devastating our great country and you, the protectors of the Constitution are our only hope before civil unrest arises here in these United States because "We the people..." have lost faith in their government. Many may

lose their lives because they see no other alternative, and will choose to die for this country to provide a better future for the children to come. Many already have, only to be labeled as rebellious or otherwise. Your future and your children's future are at risk because of these traitors. You are our only protectors of the Constitutions, the rest abandoned it. Come forth now, before it is entirely too late.

John McCain, and the rest of the ex-military holding office, now is the time to stand up for your country, here and now, and protect these great United States, of America. Delay will only cause this to worsen, and the patience of "We the people..." are growing thin, read the news.

You took an oath to protect the Constitution just like many others, whom seem to have drifted away, or lost touch with the American people. Now is the time.

I pray the brave men and women of the National Guards come forth to protect both the U.S. Constitution and their state Constitution. Now is the time, else the several states of this great country will be in great despair.

Armed Forces oaths

In the National Guard (Army or Air) oaths

It is said, God's right hand represents the Attribute of Mercy. His left hand is the Attribute of Judgment.

You raised your right hand, it is considered a position of honor.

So help me God is a very serious oath.

Honor your oath, you whom took them, with the honor of your right hand, lest the left hand judgment come your way.

*Peace be with you and the land of the America people*
