

“Keep your so-called workers”

I could not resist this;

“Keep your so-called workers”? [How a Corporation really feels about it peasants]

"Titan is going to buy a Chinese tire company or an Indian one, pay less than one Euro per hour wage and ship all the tires France needs," he said. "You can keep the so-called workers."

1 Euro equals 1.32 US Dollar

So this “Grizz” guy only pays foreign workers in essence the amount of less than \$1.32 per hour to work? Then turn around and sell the tires for \$100-\$200 per tire? So Mr. Grizz, are you saying Chinese and Indian workers are stupid and they will work for you for pennies per hour?

I think the French are smarter than the Grizz is. I imagine the Chinese and Indian workers will be too. Don't you think?

Why? Because President Obama said he was going to raise minimum wage to \$9.00 per hour?

This is why our world is in such that shape that it is. Greed, Lust for money, lack of appreciation for human workers, and appreciation for ignorant human workers, right? I suppose Mr. Grizz owns a few sweat shops for clothing and handbags also? I hear they are paid dirt cheap for making pricy bags and clothing.

We the People need to change this attitude of American corporations. Since when does a machine care for a human? Only on life support.

If you don't think you can make a change, try something simple to see that you can make a change.

I know most are spoilt, but if you bought enough ramen noodles to eat for a week and did not buy “fast-food”. Guess what you would be doing? Making a change. Why? If every one of us “We the People” stood up for a change, we could see a difference. Look at it this way, you lose weight and gain respect.

Stop buying American corporation junk and see if they don't start listening to you. They will or they will go out of business. It's that simple. Are you up for the challenge? OR are you lazy and spoiled or just plain stupid as they expect?

It is time for a change my brothers and sisters. With the help of the Most High, you are strong. Without Him, this is what we get.
